Allergen Statement

March 5, 2024

Milne considers food allergens to be limited to those defined by FALCPA (milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soybean, and sesame).

We may process apple, peach, kiwi, mango, banana, and other fruits and vegetables. We do not consider these to be allergens and do not manage them as such. Standard handling and cleaning practices are used with these materials and the post process clean is not validated or verified to an allergen standard.

A handwritten signature in black ink, appearing to read "Edward W Thomas".

Edward W Thomas
